Hi, I'm Eli. I'm British, but I live in the Netherlands. Some actors are all about ego and looking good. I'm all about openness and being good.

What I'm great at is genuine presence, attention and vulnerability. In an authoritative role that might mean a caring teacher or doctor. For comedy, the office nerd or fall guy. It might be the husband or dad struggling to do the right thing in impossible circumstances.

I believe you can't expect an audience to watch you if you're trying to hide at the same time. In an age of quick content and scattered attention, we deserve better. Let's be better.
